

REMARKS

Applicant greatly appreciates the Notice of Allowance mailed on June 6, 2006.

Claim 30 is amended herein relative to the Examiner's Amendment accompanying the Notice of Allowance.

It appears that the Examiner's Amendment inadvertently omitted the word "data" in claim 30. The present Amendment after Allowance seeks to reinsert that word.

A new abstract is provided to even better describe the presently claimed invention (e.g., it summarizes claim 30).

This Amendment after Allowance should only require a cursory review by the Examiner. Thus, entry is believed proper.

An Interview Summary accompanies this Amendment after Allowance.

The Examiner is respectfully invited to contact the undersigned with any questions.
